MOLASSES FREE BLENDS

Honeychop Lite & Healthy

Honeychop Lite & Healthy, free from alfalfa and molasses, is a non-heating, low sugar fibre feed suitable for those prone to laminitis. A palatable blend of soft fibres with a light coating of oil and natural antioxidant herbs support healthy metabolism.

Honeychop Topline & Shine

A non-heating fibre blend for topline and condition, containing a high oil, low starch pellet with ingredients including rice bran, linseed and sunflower extract, proven to build condition without causing excitability. Ideal support for gaining or maintaining body weight and condition.

Honeychop Super Senior

Honeychop Super Senior has been formulated to provide a comprehensive blend of ingredients to benefit the older horse. Palatable fibres and oil support condition, while glucosamine supports joints and aids cartilage function.

Honeychop Chopped Oat Straw

Honeychop Chopped Oat Straw is a straight high fibre feed, which is screened and dust extracted; a pure natural product with nothing added.
